B.E., Computer Science and Business Systems | JSS Science and Technology University, Mysuru

EDUCATION

JSS Science and Technology University, Mysuru 2022 – 2026
B.E., Computer Science and Business Systems | CGPA: 9.19

Base PU College, Mysuru 2022
Pre-University Certificate (PUC) | 95.5%

De Paul International Residential School, Mysuru 2020
ICSE | 92.8%

PROJECTS

Driver Drowsiness Detection

Python | PyTorch | Grad-CAM

- Developed and trained customized **MobileNetV2** and **NASNetMobile** deep learning networks using PyTorch to perform binary classification on the MRL Eye Dataset.
- Authored a custom **Grad-CAM** pipeline to capture and visualize regional feature activation maps, systematically auditing the visual patterns triggering "awake" versus "drowsy" target predictions.

Product Review Web Portal

Node.js | Express.js | MongoDB | Javascript

- Built a full-stack product review app** using Node.js, Express, and MongoDB with Mongoose schemas for Users, Products, and Reviews
- Implemented user authentication** with bcryptjs password hashing, register/login API routes, and session persistence via localStorage.
- Developed a responsive frontend** with HTML, Bootstrap 5, and Vanilla JS consuming REST APIs for product CRUD and review management.

Disaster Tweets Text classification

Python | Flask | Scikit-learn

- Built an NLP disaster tweet classifier** using Python, Flask, and Scikit-learn with TF-IDF vectorization and Logistic Regression.
- Achieved 81% test accuracy** on a real-world labeled tweet dataset.
- Deployed a REST API** with Flask serving real-time predictions via a Vanilla JS frontend with dynamic result rendering.

TECHNICAL SKILLS

Languages: C, C++, Java, Python.

Web Development: HTML, CSS, JavaScript.

Backend / Frameworks: Node.js, Express.js, Flask.

Databases: MongoDB, MySQL.

Tools & Platforms: Git, GitHub, Kaggle, VS Code.

CERTIFICATIONS & BADGES

- Stanford Online: Machine learning.** ([link](#))
- Kaggle: Intro to Deep Learning.** ([link](#))
- Kaggle: Competition Modeler.** ([link](#))

CO-CURRICULARS

- Volunteer, Computer Society of India (CSI) Student Chapter** – Managed online targeting and digital outreach to drive student participation for university tech events.
- Technical Contributor, Academic Projects** – Provided technical expertise and model implementation for engineering mini-projects and the Final Year Project (FYP).
